

Which CCSS ELA Standards Are Reached Across Grades 5-8

Each cell is one CCSS anchor standard. Color shows where it is taught: **both grade bands**, the **Grades 5-6 Lokahi scope** only, or the **Grades 7-8 scope** only. Cells with a dark outline are **continuity gaps** — standards covered in 5-6 that the 7-8 plan does not explicitly carry forward. Read together, the two programs cover essentially the full K-8 anchor set; the gaps are about **hand-off**, not absence.

Coverage is read at the anchor level; a strand chip such as "RI.1-4" counts anchors 1-4. RL.8 has no CCSS literature standard. Reading-Foundational (RF) applies only in 7-8 here, via Just Words.

Continuity Gaps

Taught in Grades 5-6, **not** explicitly in the 7-8 chips. These are the vertical-alignment watch-items.

- RI.5, RI.7, RI.8, RI.9** — informational text structure, multi-source / multimedia integration, evaluating arguments, comparing two texts. The 7-8 plan keeps RI.1-4 and RI.6 but leans literary.
- RL.9** — comparing genres / a text to its source or historical account.
- W.6, W.7, W.8** — publishing with technology, sustained research projects, and gathering / assessing sources. Research happens in Grade 7 Q3 but is chipped only as W.9.
- SL.2, SL.3** — analyzing information across media and evaluating a speaker's argument.

Strengths of the 7-8 Plan

- Full Language strand (L.1-6)** via daily Morning Edit + Just Words, matching 5-6.
- Foundational RF.2-4** (phonics, syllables, fluency) added through Just Words — a band the 5-6 scope only touches "as needed."
- Writing 1-5 + 9-10** and **RL.1-7** fully carried, with deeper revision cycles.

Suggested moves

Fold **RI.7/8/9** **W.7/8** into the Grade 7 Brain Science research quarter and the Grade 8 Frankenstein/R&J units; add **SL.2/3** to the Circle of Knowledge seminars. That closes every outlined cell without new units.
